EXPERIENCE

Tim Hortons, Mineola, NY — Crew Member

September 2022 - January 2026

• Delivered fast, friendly customer service in a high-volume environment, consistently receiving positive feedback.

• Upheld strict cleanliness and food safety standards throughout all workstations.

• Trained new team members on point-of-sale operations, food preparation procedures, and customer service standards.

• Independently managed store opening and closing procedures, including cash reconciliation, inventory restocking, and securing the premises.

Core BTS, Mineola, NY — *Intern (Technology, Sales, and Marketing)*

September 2021 - June 2022

• Contacted prospective clients to support sales outreach.

• Designed marketing materials and assisted with customer presentations.

• Troubleshooting and repairing hardware/software equipment issues.

• Inventoried and reviewed equipment to maintain accurate asset records.

• Researched prospective customer information to support sales efforts.

SKILLS

• Programming Languages: Java, SQL, HTML, CSS, JavaScript, PHP

• Frameworks/UI: JavaFX, FXML

• Databases/Backend: MySQL, Firebase, Google Cloud Firestore

• Tools: Maven, Git, GitHub, jpackage

• Professional Skills: Customer Service, Troubleshooting, Detail-Oriented, Organized, POS Operations, Inventory Management

• Languages: English, Mandarin

Projects

Steam Builder | Java, JavaFX, FXML, CSS, Maven, Firebase, Google Cloud Firestore, Git, GitHub, jpackage

• Built a JavaFX desktop app that helps users design gaming PCs around Steam game requirements.

• Integrated Steam game search, minimum/recommended specs, build generation, compatibility checking, and AI build analysis.

• Used Firebase/Firestore for data, Maven for builds, Git/GitHub for version control, and jpackage for .exe distribution.

Client-Server Quiz Application | HTML, CSS, JavaScript, PHP, MySQL

• Developed a web-based 10-question quiz application with user signup/login, score tracking, and MySQL data storage.

• Implemented server-side question selection, quiz timing, score processing, and static file delivery.

Personal Portfolio Website | HTML, CSS, JavaScript

• Developed a personal portfolio website to present education, technical skills, projects, and professional experience.

• Built the site with structured HTML, custom CSS styling, and JavaScript-based interactive features.
